SWMCOL CARES ABOUT THE ENVIRONMENT

Photo Caption: SWMCOL's ICC 2012 Registration booth.

On Saturday September 15th, 2012 107 eager volunteers came together to assist in the clean up of the Chaguaramas Development Authority's Slip-way and Army Base Coastline in Chaguaramas.

SWMCOL thanks all the volunteers who gladly gave up their Saturday morning to assist us in this clean up initiative including members of staff from the Ministry of Local Government and Rotoplastics Ltd, and students and teachers of Eshe's Learning Centre, El Dorado East Secondary School and Belmont Secondary School. Special thanks to the Staff and Chairman, Mr. Anthony Sammy, of the Diego Martin Regional Corporation for their kind assistance.

Thanks to the efforts of our volunteers, 5,167 items of non-biodegradable debris were collected of which 40% was plastic bottles.
